Leave Your Mark on UW-Waukesha

Over the past 50 years, thousands of dollars have been donated to the campus, its faculty and the students. In celebration of our 50th anniversary we are offering a special opportunity to leave your mark on the campus.

This special opportunity will allow you to purchase a brick and have a personalized message or name(s) engraved on it. Bricks will be placed around the existing memorial to Dr. Philip Zweifel, located adjacent to the bridge, between Northview and Westview buildings.

The proceeds from each brick will help fund campus events, faculty initiatives and student scholarships. A brick laying event will be held in the Spring of 2017.
