Atheism has been defined as anything from a lack of belief in God to a total denial of His existence. The Campus Climate Committee is hosting a program that will focus on what atheism is, how is it different from agnosticism, common misconceptions about atheism, and attitudes toward religion. The speaker will be Philosophy Professor Tim Dunn.

Design a t-shirt with a message and increase awareness about sexual assault and sexual abuse.

The t-shirts will be displayed on campus during the first half of December.

Yes, we are getting close to “that time of the year” again, and we don’t just mean the Happy Holiday Season.

Final Exams will begin in four weeks. Four weeks may seem like a long time when you are waiting for the winter break, but it is not so long when you are cramming for final exams or pushing to complete that final paper.

With that in mind, the library staff will be monitoring for “Quiet Study Only”

Please do not be offended when we ask you to be quiet in the library for the next 4 weeks until after final exams.

We have L112 for group study. L112 does get pretty busy during the day, so if it is full, you may have to consider using the HUB or the COMMONS. If you need a computer to do your group work, the library has 8 laptops you can check out and take with you to the HUB or COMMONS.
