Library User Confusion
or
How do I gather research paper information?

The Library has developed several Research Guides to help users find high-quality research materials in a variety of subject areas. These guides incorporate library materials (articles, books, media materials) along with freely-accessible information found on the Internet. They are a “one stop shop” for all your research, and they guide you to credible and reliable sources.

A Research guide will give you:

- relevant, scholarly and reliable library databases to find articles and books
- lists of credible reliable websites
- how to write a citation in MLA/APA/Chicago style
- relevant videos and newsfeeds

To find a research guide for your class, visit the library homepage and click on "Research" and then “Research Guides”. Or when in doubt, ask a librarian! We are happy to help, in person, through email or by phone.

Students requesting a Voter ID need to do this:

2) Take your UW-Waukesha student ID to Enrollment Services and ask for Assistant Dean, Courtney Trice. She will issue the Valid ID.
3) If she is not available, you can schedule a time with the Assistant Dean to get your Voter ID with the front desk in Enrollment Services.
