Advanced Paralegal Certificate Course

UW-Waukesha Continuing Education features online the same law classes that have been offered since 1980 at colleges and universities throughout the nation. These specialized classes have been attended by thousands of people who seek to expand upon their paralegal training with concentrated study of specific paralegal practice areas.

These classes build upon the nationally acclaimed Paralegal Certificate Course® offered by UW-Waukesha Continuing Education and hundreds of colleges and universities nationwide. Students can interact through an online forum, and assignments and exams are emailed to your instructor for critique and grading. Each of these topics is completed in one seven-week online session, and students may not take more than three topics per seven-week session because of significant homework requirements.

The Advanced Paralegal Certificate Course can greatly enhance your understanding of many of the substantive law areas that you have discussed during the Paralegal Certificate Course®. The additional training gained through participation in these advanced classes will embellish your legal knowledge and skills, which should in turn increase your salary and marketability, and enable you to gain a strong competitive edge over other paralegals.

Those who successfully complete at least six advanced topics will be awarded a Certificate of Completion from UW-Waukesha Continuing Education.
