TRIP DESCRIPTION

You’ve been asking for Austin and San Antonio, so we’re taking you there for BLUES AND GREENS: TEXAS STYLE. In true B. and G. tradition, this year’s trip will bring you to the hottest music and entertainment venues, take you to both cities’ most interesting sites, and book you in the finest, most unique hotels: The Historic Driskill and Drury Inn and Suites, a converted office building. Of course, we’ll dine at the most famous restaurants, with stops at a food truck or two, the historic Gristmill, and a tour and demo at San Antonio’s Culinary Institute of America. As usual, we’ll avoid tourist traps and eat like and with the locals. With stops at the funky Cathedral of Junk and the iconic Salt Lick, a music crawl to experience the country’s best, a stay at a legendary hotel…. and more, you’ll agree that Texas Style is the distinctive and unique adventure you expect from Continuing Education’s BLUES AND GREENS.
